Landscape Design Study Program

The Landscape Design Study Program is a series of four courses, educational/optional programs and tours. National Garden Club members who complete a series (of four courses), passing the examinations with grades of 70 or above, are eligible to receive the Consultants Certification Card, an NGC credential. (This certificate does not qualify the graduate to go into professional practice, but it is recognized as a sign of special achievement among NGC members.)

The four courses must be completed within no fewer than two years nor more than seven. A student unable to complete the four courses within seven years due to health or another serious problem, may request an extension from the CGCI LDSP Chairman; the student must make this request before the seven years have elapsed. A non-NGC member student who has successfully completed the four courses may apply for consultant certification upon joining an NGC garden club within five (5) years after completing the series. A Certificate of Attendance may be awarded to a non-NGC member student attending a full course in a series.

National Garden Clubs, Inc. welcomes all students, both members and non-member, to its educational program in landscape design under the guidance of California Garden Clubs, Inc. The objectives of the program are:

- Develop a greater sense of appreciation, pride and knowledge about our private and public garden.
- Become better educated to make changes in our surroundings so that they will be more beautiful, useful, convenient, ecologically sound and easily maintained.
- Stimulate interest in all phases of landscape design, including community planning, that will affect all of our lives.
- Develop a contingent of qualified Landscape Design Consultants to serve in such decision-making areas of public life as providing leadership, educational programs, scholarships, awards and promoting better landscape design. Besides gaining greater enjoyment in their gardens through this knowledge, members have found the program inspirational, leading to the development of important civic and private projects.

General Information

The Landscape Design Study Program is open to all. But to receive consultant certification, one must be a member of a federated NGC garden club. If you want to join a federated NGC garden club, you can do so at the school.

Reading List — Courses 1 & 2

- *The National Gardener* — 3 year subscription
- *Stewards of the Land — A Survey of Landscape Architecture and Design in America* by Marilyn K. Alaimo, et al.
 Course 1: Chapters 1, 2, 7, 8, 9, 10, 16, 17, 22
 Course 2: Chapters 3, 4, 5, 11, 13, 19, 23, 34, 35

The textbook, *Stewards of the Land*, may be ordered directly through National Garden Clubs, Inc. by calling 800-550-6007/314-776-7574; fax: 314-776-5108; email: headquarters@gardenclub.org; mail: NGC, Inc., 4401 Magnolia Avenue, St. Louis, MO 63110. Visit website at www.gardenclub.org. **Advance reading of the required material and study outlines are strongly recommended if one wishes to pass the examination on the second day after each course to become an accredited NGC Landscape Design Consultant.**

A three year subscription to *The National Gardener* can also be ordered directly through National Garden Clubs, Inc. See information above. Proof of subscription (label from magazine or check number and date sent to NGC) is required for credit to become an accredited NGC Landscape Design Consultant. Order forms will also be available at the school.

Study guides will be sent to each student at least thirty days before the start of the school. Please indicate on the registration form if you are able to receive these via pdf files to help save on costs.
